

# OSSTF D19 PEEL TBU BENEFITS INFORMATION COMMITTEE

## Who are we? What do we do?

The D19 Benefits Information committee plays a crucial role in an area that every member depends on – their collectively bargained benefit plan. Benefits Information representatives communicate with members in their branches on all issues pertaining to benefits available to them as members of D19 TBU and OSSTF. They are the direct link to the BIO Chair and bring forward items of branch concern regarding pensions and benefits to the committee.

Speak to your Branch President today for information about becoming the BIO Committee representative for your school!

- Raise benefits concerns/questions from members
- Support members
- One representative per school
- Increase Awareness about benefits
- Protect and Enhance Public Education
