Update on contract extension and Bill 115 remedy discussions

Representatives from OSSTF/FEESO and representatives of the provincial government have met over the past two days to continue discussions about a possible extension to our current central collective agreements and a remedy pursuant to our successful Bill 115 Charter challenge.

No agreement has been reached on either an extension or a remedy, and we do not expect discussions to resume.

OSSTF/FEESO will now focus on our usual processes in preparation for the next round of central and local bargaining.

We will also begin preparations for a return to the courts for a ruling on the Bill 115 Charter challenge remedy.

Please frequently check the *myOSSTF* section of the OSSTF/FEESO website for updated information.
