Update on Special Meeting of Presidents and Chief Negotiators

As was reported in the Special Bulletin issued on February 23, 2017, tentative agreements for both a contract extension and a Bill 115 remedy were reached on February 22.

Details of both of those agreements were presented today to a meeting of presidents and chief negotiators from all affected Bargaining Units.

The assembled local leaders voted to endorse both tentative agreements and recommend them for ratification.

Details of the agreements will be posted in the *myOSSTF* area of the Federation website by the end of the day on Wednesday, March 1. Initially the full agreements will be posted in English, and a detailed summary will be posted in French. A full French translation will be posted by early next week at the latest.

Membership meetings will be scheduled in each District commencing March 20, and the full details of the tentative agreements will be provided at those meetings. Your local leaders will be in contact with you soon to provide details about the meeting in your District and the ratification process. Ratifications will be concluded by April 7.

Please frequently check the *myOSSTF* section of the OSSTF/FEESO website for updated information.
